

# 1975 Progress Report Is Encouraging

While continuing to be the only city in Orange County without a property tax, Yorba Linda, nevertheless, made impressive gains in 1975, according to a recap of activities reported by City Administrator Art Simonian.

The report highlighted activities in the Services, Development, Capital Improvements and Fiscal and Administration areas of the city's operation.

Total permit valuation was in excess of \$33 million. A code enforcement officer and public works inspector was added to staff through a federal program of funding.

Recreation continued to expand, a Community Center was added,

steps are being taken to acquire another building and a park site. Not mentioned in the report, but of importance, was the passing of an ordinance to establish a Park and Recreation Commission.

Annexations added several hundreds of acres to the city and another large one is in the offing. A neighborhood shopping center was completed and became operative.

## 1975 PROGRESS REPORT

### SERVICES

Building, Planning and Engineering:

Total building permit valuation for the 1975 calendar year was \$33,152,905 including \$1,702,023 permit valuation for commercial buildings. This evaluation is a

substantial increase over 1974. The Planning Department assumed the responsibility for code enforcement and issuance of business licenses by employing a Code Enforcement Officer under C.E.T.A. Public Works continued to increase its services by employing personnel under C.E.T.A. A Public Works inspector employed under C.E.T.A. also provides inspection for public works projects eliminating the need for contracting this service.

### Police Protection:

The City continued its contractual arrangement with the City of Brea for police service. The City Council also continued the citizen's task force which is making an in depth study to evaluate alternate forms of

delivery of police services, including establishing a city police department.

### Recreation:

The City continued to expand its recreation program by offering additional activities to the citizens of Yorba Linda. The recreation department coordinated its efforts with the local Y.M.C.A. so as not to duplicate various programs. Activities at the ball field situated at Valley View and Yorba Linda Boulevard increased following the installation of lights in 1974, with the field being utilized by baseball, soccer, track and football leagues.

Donation of the Yorba Linda Women's Club building on Yorba Linda Boulevard as a Community

Center for recreational use was the City's first acquisition of real property. Also the City entered into escrow with the Yorba Linda School District for purchase of the former administrative offices on Casa Loma. The City anticipates use of the building for additional recreation purposes. The City's park plan continued to expand with final arrangements for purchase of a park site on Palm Avenue.

### DEVELOPMENT

#### Annexations:

During 1975 the City of Yorba Linda annexed 644 acres of the Dominguez Ranch and 106 acres of the Upper "K" Ranch expanding its City boundaries easterly within its Sphere of Influence. In addition

pre-annexation zoning and long range planning was completed for the remaining 860 acres of the Upper "K" Ranch.

A neighborhood shopping center located at Lakeview and Yorba Linda Boulevard was completed. The Yorba Linda School District completed construction of its fourth elementary school on Ohio Street. The Planning Department reviewed and considered parcel and tract maps totaling an addition of 194 lots to the City.

### CAPITAL IMPROVEMENTS

Public Works/Engineering Projects:

The City approved applications to the County's Arterial Highway

Over 100 riders have already signed up for the ride. Prizes will be awarded in several categories.

## School Districts Get One Pitch

The administrations and the boards of trustees of both the Yorba Linda Elementary School District and the Fullerton Joint Union High School District are gearing for the revenue increase elections which will be on the ballot for the March 2 City Council elections in Yorba Linda.

By law, administrators and trustees are not permitted to

## Diedrich Continues As Chairman

Deciding not to change work horses in the middle of the stream, the Orange County Board of Supervisors Tuesday elected Ralph A. Diedrich to his second one year term as chairman of the board.

The election followed Diedrich's public statement that he would not be available for the post.

Supervisor Laurence Schmit, who may have violated the law when he failed to report income he received from Dr. Louis Cella and Mercy General Hospital last year, was elected vice chairman.

Supervisor Ralph Clark in nominating Diedrich for the chairmanship, noted: "During these disturbed times we're experiencing in some areas, I just feel we shouldn't be changing horses in the middle of the stream."

## Market Robbed

Two men armed with a hunting knife reportedly took an undisclosed amount of money from the 7-11 Market on Yorba Linda Boulevard near Fairview last Sunday night.

The robbers, who entered the store about 11:00 p.m., may have fled on a motorcycle, police said.

The all-night market has been a frequent target for late-night stick-ups.

actually "campaign" on behalf of the issues. They can disseminate information but in only one instance, through an "Argument In Favor of Increase In Revenue Limit" on the ballot can they solicit a favorable vote.

The Yorba Linda District trustees spent considerable time at last week's meeting making plans on getting out the information. It was generally decided to do so through a

series of coffee klatches in each school attendance area.

Both districts have made public the arguments in favor which will appear on the ballots.

### Yorba Linda Argument

Your Board of Trustees urges a YES vote to increase the annual per pupil expenditure limit from approximately \$995.00 to \$1,145.00 (The money expended per pupil in 1974-1975 was the lowest of any of

## Sign Law Hearing

The differences of opinion between local merchants and businessmen and city government over the latter's sign ordinance are expected to get a complete airing at tonight's (Wednesday) Planning Commission meeting at 7:30 p.m. in the Library multi-purpose room.

The merchant's unhappiness surfaced several weeks ago when, through the Chamber of Commerce, they brought the matter to the attention of the City Council.

The council referred the subject to the planners for a

public hearing which was set for tonight.

Total revision of the sign ordinance is not being requested, only some 20 of the approximately 60 sections. A chamber committee studied the ordinance in depth and made suggestions for both major and minor changes in various areas.

The present ordinance and the suggested changes were published in full in the January 7 edition of the Star and may be used for reference while following the discussion and proceedings at tonight's meeting.

## Paramedics Program May Cause New Tax

Placentia and Yorba Linda residents may get an opportunity to vote on whether they want to continue their paramedic service and also on how the increasingly expensive program will be funded.

Concern at county level now is how to support the paramedics which could turn out to be a \$6 million program countywide.

Ken Mays, assistant administrative officer of Orange County, said this week that under present consideration is some type of county service area tax which would provide sufficient funds to keep the ambitious program rolling.

This could be anywhere from 5 to 15 cents per \$100 assessed valuation property tax. No decisions have been made as to amount or even if this would be the best way to fund the program, he explained.

There is, however, likelihood that some method of financing will appear on the June election ballot, he said. "A study is going on," he confirmed. This method, also, would

put the program directly under the authority of the Orange County supervisors.

The level of service desired by county residents would determine it cost, Mays confirmed. He explained that because the paramedics program is relatively new and still not structured as one overall county program, efforts to consolidate it are anticipated.

Mays explained that even if the \$6 million figure were the one chosen "that would mean just \$3.50 a head for each person in the county."

Mays added that he expected the consideration to appear on the supervisors' agenda "in a week or so."

The county's current cost of its paramedics program, which includes service to Placentia, Yorba Linda, five other cities and the unincorporated areas, along with the cost of a training center, has reached \$1.7 million. That is approximately a four time increase over its beginning expense two years ago.

the 15 elementary school districts in Orange County.)

This added revenue would permit your Board to restore basic programs and services lost as a result of the widening gap between income and costs. In addition, part of the increased revenue would be utilized to strengthen the basic academic program at all levels in the following ways:

1. Purchase additional instructional materials and textbooks
2. Reduce class size
3. Employ remedial reading teachers
4. Employ remedial math teacher at the 7th and 8th grade level
5. Add resource centers at each Elementary school

If the revenue limit increase is passed by a majority vote, it is estimated that the general purpose tax rate would rise from \$2.33 for each \$100 of assessed valuation of property to \$3.11. This increase would be the first voted increase since 1967.

Your Board believes that a YES vote on this issue is in the public interest and is necessary to maintain a complete basic program for all students.

### Fullerton District Argument

Fullerton Joint Union High School District residents can be proud of their high schools. Their excellence is demonstrated by the accomplishments of graduates who consistently rank high in standardized tests, National Merit scholarship competition, vocational competency and other achievement areas.

This quality has been provided at about the average expenditure per student for comparable California high school districts.

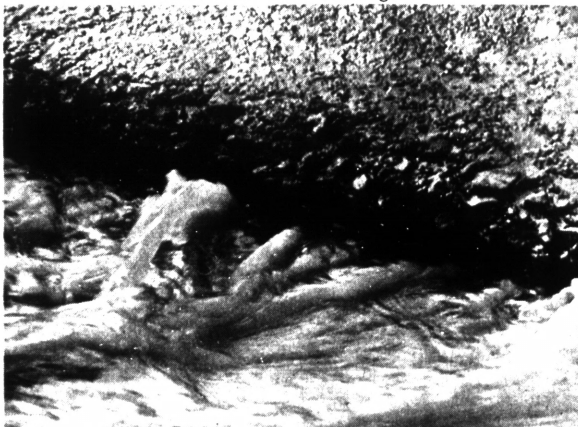

Additional funds are urgently needed to enable the District to continue to provide six class periods

Continued on Page Two

**BIG MYSTERY**--As children played in the street on Florida Way last Saturday morning there was a shaking and a rumbling. The pavement and gutter lifted at the driveway of Larry Curran, 5992 Florida. Oily water, giving off steam and the smell of sulphur, geysered from the ground. A Yorba Linda Water District crew and firemen rushed to the scene but quickly turned the problem over to the Gulf Oil Co. A Gulf crew came in the early afternoon, shut off the water line to stop the flow and dug a hole but found no

pipe or problem. The water was turned on and washed a pile of dirt away. Again, the water was shut off, the hole filled and another dug nearby. A pipe with a good sized hole in it was located. The oil company crew worked until 9 p.m. Water was emptied from the pipe and hole and pumped into a tank truck. The pipe was repaired, the hole filled. Turning on the water produced a puddle on top of the fill dirt. Sunday at 7 a.m. the oil people were back on the scene and spent the whole day working in another hole to fix the pipe.

Monday morning they took out the dirt, refilled the hole and compacted the fill. Tuesday the pavement was re-constructed. In left photo Steven Anderson, Robert and John Ruppert, Caryn Almgren and Andy Davis, from left, with construction men and a Gulf Oil representative view the problem area. In middle photo steamy water rushes down the street. In right photo Brendan Curran, left, and Gregory Almgren, right, enjoy the excitement.

**DOING FINE**—Lucy Mercado struts confidently along twirling her baton at classes held each Saturday at Nixon School, where this photo was taken, and at Fairmont School. Recreation Department sponsors classes taught by Miss Yorba Linda, Karen Horn, seen in the background instructing Melissa Barry.

**CONCENTRATION**—is mirrored in the faces of pupil Chrissi Brockus and teacher Karen Horn during baton twirling lessons taught by the reigning Miss Yorba Linda on Saturdays at the Fairmont and Nixon Schools. Classes are sponsored by the Yorba Linda Recreation Department.

### Trails Committee

The Yorba Linda City Council recently approved the establishment of a Trails Committee. The five-member committee will plan and make recommendations to the City Council for a trails system proposed in the newly annexed territory in the easterly section of the City.

After appointment of five members to the Committee, a convenient time and place will be established for conducting monthly meetings.

Any person interested in serving on this worthwhile Committee may obtain an application from City Hall. Applications will be taken until January 23.

**BRENT GOETTSCHÉ** of Esperanza was a 5-1 decision winner over Hildman of Canyon as Aztec matmen won a one point, 27-26, victory. See story and more pictures on Sports Page.

## Progress Report. . .

Continued from Page One

**Financing Program** for improving Lakeview Avenue between the southerly City boundary and Yorba Linda Boulevard and Buena Vista Avenue between Lakeview Avenue and Richfield Road. Major construction contracts were awarded for street widening of Highland Avenue between Mariposa Street and Buena Vista Avenue; traffic signals at Fairmont Boulevard and Yorba Linda Boulevard and Eureka and a flasher at Lakeview Avenue and Timberlane.

The Orange County Flood Control District approved the City's application to construct a major storm drain facility known as Richfield Channel southerly of Imperial Highway to Valley View.

**Street Maintenance:** Street maintenance continued to improve with the addition of maintenance personnel hired through the C.E.T.A. program and the purchase of additional equipment including a water truck, air compressor, paint striper, weed sprayer and a utility truck. Trees were planted in the public right-of-way on Yorba Linda Boulevard from Van Buren Street to Jefferson Street.

**Lighting:** The City Council approved an underground utility district for Main Street between Yorba Linda Boulevard and Lemon Street. All overhead power and telephone lines

will be replaced underground in this area.

### FISCAL AND ADMINISTRATION

**Tax Rate:** The City of Yorba Linda continues to be the only city in Orange County without a City property tax.

**Finance and Revenue Sharing:** The Finance Department purchased a validating machine which will provide more internal control of all in-coming revenues. Business licenses revenues have increased with a revision to the oil well tax structure. Park-in-lieu funds collected this year have been \$33,600 with a total of \$160,500 in the trust fund. Revenue Sharing Trust funds now total \$208,949.

**Staff:** Six new positions were authorized by the City Council under the C.E.T.A. program. A Code Enforcement Officer, a Public Works Inspector were employed. Two clerk typists and an account clerk were also employed to assist various departments. One maintenance worker was added to the maintenance department. An Administrative Assistant to the City Administrator was hired to assist in preparing reports to the City Council and other administrative duties.

**Population:** The City's certified population is 20,700. A special census will be conducted in January 1978.

## Miss Yorba Linda Pageant May 1

The Miss Yorba Linda Beauty Pageant is May First.

The 1976 big Pageant official entry blanks have been printed by the annual event's sponsor, the Yorba Linda Chamber of Commerce, and are now available for those young ladies who wish to participate.

All applicants must have lived within the Yorba Linda postal address area for 60 days or more prior to May 1, 1978. Applicants must have attained the age of 17 years before that date and must not have attained the age of 25 years by that time.

Applicants must not be married, ever have been married, and must agree to surrender all titles won immediately, if married between May 1 and the following May 1, 1978.

Applicants must have their application and agreement to these regulations signed by their parents or guardians.

Also, applicants must agree to make themselves readily available when possible to the Yorba Linda Chamber of Commerce for requested promotional and publicity

### Chamber Board

The Board of Directors of the Chamber of Commerce will meet at 7 a.m. in the Chamber office on Wednesday, Jan. 21.

Among the items on the agenda are a report on the Miss Yorba Linda Pageant, the Camelot Ball, "JET" Program plans, progress on re-incorporation of the Chamber, reports on meetings regarding sign ordinances in the city and in the unincorporated area and Chamber finances and expenses.

Following the meeting the members will adjourn to McDonald's Restaurant for breakfast.

### Rotary Club

A demonstration of latest techniques and equipment will be given by the Orange County Fire Department Paramedic team at the Friday luncheon meeting of the Rotary Club at the Yorba Linda Country Club. Dick Yarter is program sponsor.

activities, and may not engage in any activity using the name of her title (Miss Yorba Linda) without the express permission of the Chamber.

The official entry blanks are very simple, and call for the signatures of parents or guardians, whichever apply. These forms are available at either the offices of the Chamber of Commerce, corner Main and Lemon Streets (behind Pomona Federal Savings & Loan office), or the front office of Yorba Linda City Hall on Main Street.

Completed and signed applications must be returned to P.O. Box 467, Yorba Linda, Calif. 92686 as soon as possible.

A total of nine candidates vied for the glamorous position of Miss Yorba Linda in January of last year. Competition in swim suit, formal and talent categories make this pageant outstanding, and credit for the huge and worthy event goes to Mrs. Anne McGrory, a member of the Chamber's Board of Directors and Executive Committee.

Contestants last year were not only beautiful, but they were great little ladies, - all of them. They included the winner, Miss Karen Horn; Cheri Bucholz, Kitty Cannon, Elizabeth Flores, Amber Lane, Leslie Mitchell, Brenda Murdock, Carol Ann Earll, and Jean Sperline.

## Equestrian Committee

The Yorba Linda City Council is seeking applications to fill a vacancy on the Equestrian Committee.

The Equestrian Committee, which was formed by the City Council in 1970, is comprised of horsemen and non-horsemen. The vacancy to be filled is for a non-horseman.

The Committee meets once a month at the Yorba Linda City Hall on the second Tuesday of each month at 7:30 p.m., to review and make recommendations to the City Council regarding the keeping and use of equine animals in the City.

Citizens interested in serving on this committee may obtain an application from City Hall. Applications will be taken until January 23.

## furthermore...

by Jim Arkison

The complimentary remark about a certain wine might be applied to the Progress Report issued by City Administrator Art Simonian: "1975 was a very good year."

The report indicated several areas in which Yorba Linda made substantial strides and pointed to further gains in this new year and years to come. The report and other indicators clearly tell the story of a Yorba Linda which certainly will be bigger and probably better. But that "better" possibility is the factor in question.

Within the annexation of vast and presently undeveloped acres the city will probably more than double its population in the next five to 10 years. With that growth comes the responsibility of the city government to plan wisely and reasonably.

The proper mixture of various types of housing, the addition of commercial properties to serve expected residents, the increase in city services are all problems which the city must solve. The answers and solutions should be ready when the plans are presented. These are not areas in which a city can "plan as it goes."

The final half of the 1970's is going to be exciting and that excitement will spill over into the early 1980's. People who have the best interests of Yorba Linda at heart are those who should be in positions of authority.

That's one reason why everyone should take an active interest in the upcoming City Council election on March 2. The three candidates who are elected will have much to say, both directly and indirectly, about the future well being of Yorba Linda.

Directly, because they will be

## Letters To The Editor

### Tow Away Protest

Dear Editor:

Some time ago you started a series of articles on the Yorba Linda/Brea Police relationship. I, for one, would not only like to see it resurrected, but expanded to include firsthand accounts, pro and con, concerning the Brea Police from local citizenry.

I feel this will, in effect, give our City Council a better idea of the local feeling while saving them and the citizens a lot of valuable time at City Council meetings.

As a matter of fact, I would like to be the first to submit a firsthand account. Not being a particular fan of the Brea Police, this is not a complimentary letter. As any other incidents I may cite would, by now, be close to ancient history, I would like to air a current gripe, Saturday, Jan. 10, 1978 to be exact.

Early Saturday evening I was at the paper for a meeting with the publisher. Upon leaving at 7:30 p.m. I was stupid enough to run out of gas on Yorba Linda Blvd. between the paper and home, between Palm and Kellogg heading east, to be exact.

As I normally purchase my gas at Yorba Linda Blvd. and Fairmont this did not appear to be a big problem, just a short walk, right? Wrong! For some reason the station was, on this Saturday night, closed at 7:30 p.m.

With a few unkind words about the gas station, my car, and my own level of intelligence, I continued my trek to my home arriving, frozen, at 8:15 p.m.

At 8:20 p.m. the Police Department was having my car picked up by Slim's Tow Service and hauled away to the storage yard on Lakeview in Anaheim.

Being sure that it was 7:30 or after when I left the paper, this would mean that I was illegally parked (in a No Parking Zone) for a period of not more than 40 minutes.

Due to the nature of the area in

making most of the decisions. Indirectly, because they will be appointing the people to boards, commissions and committees who will make many of the recommendations.

Yorba Linda has been through some critical times in its brief history of eight years. The most critical times of all lie ahead. Citizen participation to the fullest is needed if the challenge is to be successfully met.

Although not a city government function, the future of the Yorba Linda School District is closely linked to the people and especially the children of today who will be the adults of tomorrow. During this growth period local youngsters presently in their mid-teens will be the young adults of the late '70's and early '80's.

They may not be as well educated as we would like them to be because the school district is short of money for some areas of the educational process. A request for more money will be on the March 2 ballot. Voters will have to decide whether they want to spend more money or not on education.

This is always a difficult decision and even more so in today's economic crunch and uncertainty. The old "pack of cigarettes a day" argument never seemed to pass a school, bond issue or revenue increase election but, in reality, that's about what it comes to in cost, especially with the cost of a pack of cigarettes these days.

"1975 was a very good year." The succeeding years ahead can also boast that label if the present and future residents of Yorba Linda really feel as strongly about their city as they say they do.

which the car was parked and the fact that it was unlocked it would be apparent to anyone that it was disabled. Add to this the fact that the closest gas station (which would have been a minimum 20 minute walk up and back) was closed, the fact that my registration (which had been removed from the glove compartment and placed on the front seat when I went to pick up the car) clearly indicated that I lived less than 2 miles from the spot, and the fact that the vehicle had not been there on the officer's last round, it would seem to me that the courteous thing for him to have done would be to wait until his next round before having it towed away.

The Big Rip-Off

Upon finding out that the vehicle was in fact at Slim's, I was informed it would cost me \$46.00 IN CASH to reclaim the vehicle. This is broken down in the following manner:

Towing \$25.00 disconnecting and reconnecting the transmission (which was done improperly causing the car to either start in reverse or go backwards in park) \$5.00 storage for 2 days (I picked the car up Sunday A.M.) \$6.00 and \$10 for a man to be called in to open the yard (he had to walk 15-20 yards from the TV set).

In all fairness, I was, as previously stated, illegally parked. You don't, however, have much, if any, control about where your vehicle breaks down or, in my case, runs out of gas.

My point is, the officers patrolling this area should show SOME courtesy to the people and try to be helpful rather than make an obvious problem worse. I would be the first to agree that a vehicle should not be allowed to remain in this area of Yorba Linda Blvd., BUT 30 MINUTES???

Sincerely,  
Leo Richards

# SPORTS

**SHOT SWATTER**--Mark Pepper of Troy High soars high into the air to deflect a shot taken by a Sunny Hills player as Warriors scored a 58-44 Freeway League victory. Pepper had 27 points but also impressed with this and other defensive plays. Admiring Mark's efforts are Jamie Robbins, 15, and John Ferry, 23, while two Sunny Hills players watch with dismay.

## Pepper Nets 47; Troy Now 1-1

BY SCOTT EMBLIDGE

Troy High School lost an important opener but came back to even their record (at 1-1) with a 58-44 shellacking of Sunny Hills.

The defending Freeway league champion, Fullerton, was the stumbling block for the Warriors with cold shooting responsible for Troy's demise in the 53-43 loss.

Mark Pepper was Troy's offense in both games scoring 20 and 27 points against the Indians and the Lancers respectively. Against Fullerton, Pepper shot 10 of 18, but the rest of his team only shot 16 percent from the floor. This, along with being out-rebounded by the Indians, was the factor involved in Troy's loss.

Against Fullerton, Coach Bill Morris went with his physical lineup of Steve Paden and Pete Chapin at forward, Chris Kingdon and James Robbins at guard and 6 foot 5 Pepper in the middle. This lineup could not provide an offensive punch and the reserves shot 0-9 when called upon.

Troy never led in the game but stayed close

through much of the going. The Warriors were behind by three at the half but never got closer.

In the fourth quarter, forward Jay Lucas and 6'4" reserve forward, Hoby Brenner, combined for 14 of the Indian's 15 points to finally put Troy away.

A quicker, more offensive lineup was employed against the Lancers with Kingdon and Robbins moving to the forward positions and bringing in 6 footers, John Feary and Scott Anderson to take over at guard spots. Pepper, of course, remained as center.

The offense, though, was again provided primarily by Pepper with 27 of Troy's 58 points, but more importantly, Pepper played impressive defense. This helped drop Sunny Hills' point total from 58 in their opener to just 44 against the Warriors.

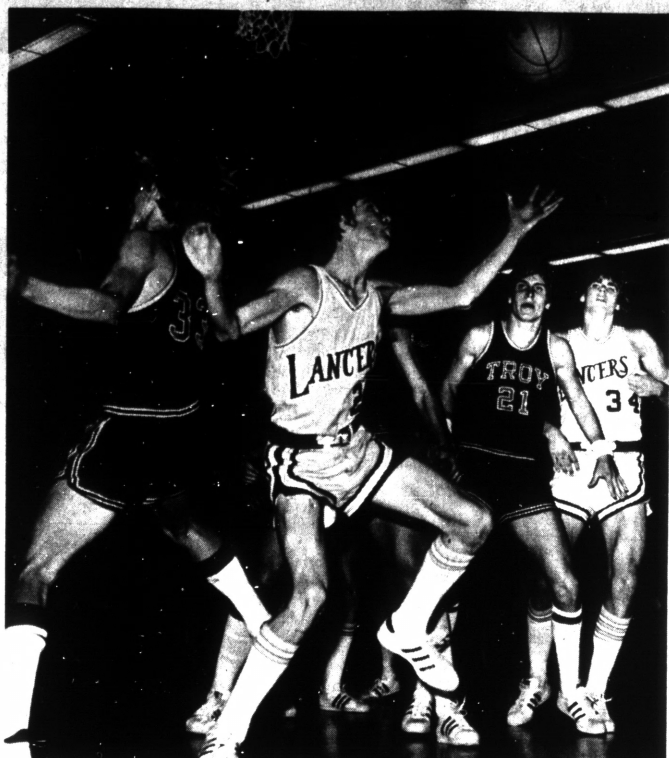

Troy needs improvement in shot selection if they expect to raise their previously high field goal percentage and it appears that may be the only way for the Warriors to be a factor in the Freeway League race.

## Mental Health

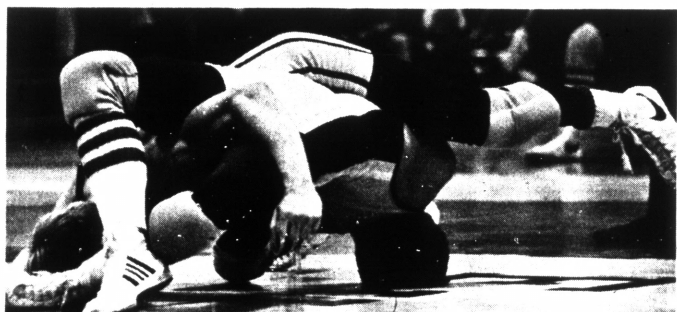

"Therapy Techniques" will be the topic of an experimental workshop presented by the Mental Health Association on Friday, January 23, 9-12:30 pm at the Community Recreation Center, 8150 Knott Avenue, Buena Park. As seating is limited, interested persons are asked to make reservations with the Association's office at 547-7559.

## Local Girls Compete In Swim Meet

One of two Yorba Linda girls, members of the Swim Team of Placentia (STOP), narrowly missed qualifying for further competition in a dual meet on January 10 at East Los Angeles College.

Jill Ward, a Linda Vista School student, and Nancy Sadlack, who attends Fairmont School, competed in the 11-12 year group for girls. The meet was held by the SPA of the AAU. Jill finished second in the 50 yd. breast stroke in 33.8 and third in the 100 yd. breast at 1:13.3. She needed to finish first in the 50 and second in the 100 to qualify for the dual meet.

Nancy was eighth in the 50 yd. breast stroke in 34.6 and sixth in the 100 yd. breast stroke in 1:16.2.

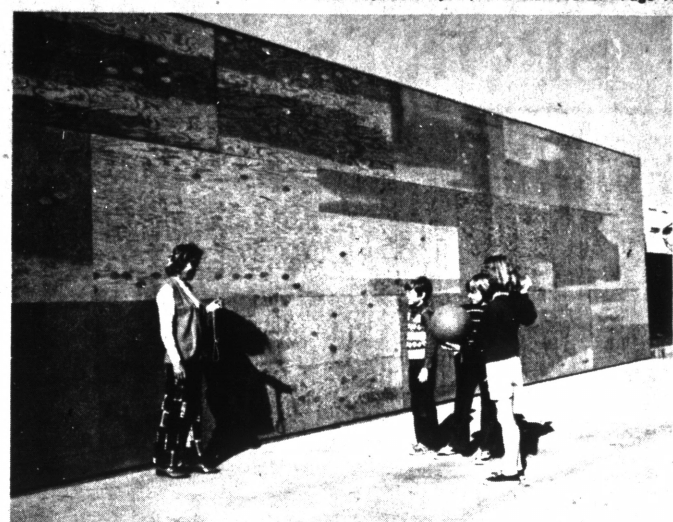

**FAIR DECISION**--The manner in which John Barbour of Esperanza and his opponent Struble of Canyon are enmeshed, the tie decision in their match was the right one.

**TEMPORARY ADVANTAGE**--Bryan Hayes [face visible] had the upper hand at this point of his 140 lb. match but Olson of Canyon High decided the Aztec.

**1-2-3**--Referee counts off seconds needed by Mike Saucedo, on top, as he pins Canyon High's Collins in a 122 lb. match as Esperanza defeated opponents 27-26.

**READY TO USE**--Nixon School students talk over the use of the Yorba Linda school's new handball court. With playground supervisor Mrs. Shirley Asquith are Paul Franson, Joey Cebula and Ronda Wench.

## Nixon Gets Handball Court

The children of Richard Nixon School have a new Handball Court as a result of the multi-skills of the Yorba Linda School District's Maintenance and Grounds Department, under the supervision of Francis Beaudette.

According to Nixon Principal, Charles Hammond, budget restrictions over the past several years have

made the acquisition of new playground equipment impossible.

By utilizing the combined talents of the employees of the District, the facility was erected at much less cost than would have been incurred by contracting from an outside firm.

The new court will be used in the Physical Education program of the school as well as a recreational area at recess and during after school hours.

## Matmen Win Opener

BY SCOTT EMBLIDGE

When questioned before the start of the 1976 season, Troy High School wrestling coach, Dennis Dixon, did not seem too optimistic about the Warrior's chances. After all, who would have been?

Troy had come off its finest wrestling season, taking the league crown, but almost all the wrestlers, who had given the Warriors the championship, had left.

When questioned after Troy's league opener against Sunny Hills' last Thursday in Troy's gym about the Warrior's top competition this year, Coach Dixon simply replied, "We just beat them."

This turnaround in attitudes was accomplished after successful pre-league competition where Troy gained needed experience under young, talented wrestler's belts.

After this 35-29 victory over the tough Lancers, of whom Dixon said, "I really didn't expect us to beat them," Troy's competition in league will come from tomorrow night's opponent, Fullerton, and next week's adversary, Lowell.

## Aztecs 2-11 Going Into Loop Play

BY CRAIG WILSON

Narrowly missing out on getting two straight victories, the Esperanza basketball team has reached its last chance of preparation as they open league play against Canyon this Friday. The Aztecs racked up their second win Tuesday as they defeated Mayfair 62-56.

Early in the game, Mayfair held a seven point lead until the Aztecs exploded to a 41-38 lead with three minutes left in the third quarter. That surge was sparked by guard Tim Porras, who delivered a team leading five assists.

Porras, along with Rick Buchanan, topped the Aztecs with 11 points each. Rick Diffine had 12 to pace Mayfair.

Three days later, the Aztecs were handed a stunning defeat by Mary Star of the Sea 53-52.

Mary Star, staying close throughout the game, took the lead at 53-52 when Norbert Youngblood hit a short bank shot with 19 seconds left in the contest.

The Aztecs then quickly retreated down court and center Jim Brown ended up getting fouled with two seconds left. Then, after a timeout, Brown calmly went to line only to miss both foul shots to end the game.

Esperanza, now 2-11, had balanced scoring as Brown, Kurt Scanlin, and Terry Hutchens each finished with 10 points.

made the acquisition of new playground equipment impossible.

By utilizing the combined talents of the employees of the District, the facility was erected at much less cost than would have been incurred by contracting from an outside firm.

The new court will be used in the Physical Education program of the school as well as a recreational area at recess and during after school hours.

## HORSE TALES

by JOAN JOHNSON

One phase of horsemanship that is becoming increasingly popular is that of competitive trail riding. If you've thought about giving it a try, but would like to know more about it, then here's your chance.

At 7:30 p.m. on January 14th (that's tonight!), Mr. and Mrs. Burt Pierce will be presenting a talk on Competitive Trail Riding at the El Rodeo Clubhouse, 4449 Carbon Canyon Road.

Also on hand with an interesting slide presentation is a veterinarian who conducts vet checks at various check points on these rides. His part of the program will be followed by a question and answer period.

Refreshments will be served and everyone is welcome. For further information, contact Anne Britt at 528-6657.

After you've attended the foregoing program, you'll have an opportunity to put all this knowledge to a test on January 18th when Corral 94 Yorba Linda Country Riders will be holding a competitive trail ride at Hidden Hills Stables.

The ride gets underway at 9 a.m. and there is a \$3.50 charge per rider. The riders will be divided into groups of ten to receive their instructions, maps, etc. and, as I understand it, will leave the stable individually at three minute intervals.

This is NOT a timed event, so make it easy on both your horse and yourself by taking it easy. The course has been laid out so that it is perfectly safe for even the most inexperienced riders.

If you feel that either you or your horse are incapable of negotiating any of the obstacles, there will be an alternate route that will take you safely around it.

The course consists of ten obstacles - each one worth ten points - five for the rider and five for the horse. The grapevine tells me that the competition is going to be pretty stiff for that first place silver halter!

An ABSOLUTE MUST for this ride is that every horse and rider be safely and properly equipped. This means your horse should be wearing properly fitted tack in good condition and all riders must wear boots.

Don't show up with bare feet or tennis shoes and no saddle on your horse, or you'll probably wind up being a spectator instead of a competitor.

## Esperanza On Top In Tourney

Esperanza High School nipped host Santa Ana High 28-24 to win the Santa Ana Wrestling Tournament on January 10.

First place medals were awarded to Tom Tonelli, 105 pound division; Steve Reineer, 114 pounds; Brent Goettsche, 135 pounds and 167 pounds, Chuck Caplinger, all of Esperanza.

The first Varsity wrestling trophy for the Aztecs came on the combined efforts of those mentioned and the following matmen: 97 lbs., Sal Castillo; 122 lbs., Mike Saucedo; 129 lbs., John Benson; 140 lbs., Bryan Hayes; 147 lbs., Kurt Southworth; 156 lbs., John Barbour; 177 lbs., Tony Hall; 193 lbs., Mike Pickens and heavyweight, Rusty Hodges.

Also accepting congratulations, along with the wrestlers, was Coach Stout.

## Tee Up

The new year begins with many changes in the rules of golf and the playing conditions at Yorba Linda Country Club, and TEE UP will try to bring golfing news to you with much more "gusto" than during the past year.

The 18th green will be closed at Yorba Linda for about three weeks in January while workmen are putting in a new green. New drainage, new top soil and new turf will improve playing conditions.

Then, number one green is next, so look for great improvement during the entire new year. Last year brought many changes. New #4 and #7 greens; a shortened first nine with par 35. A new course rating. New sand in all 18 traps, and lots of new construction along side the fairways so that new people can look out and enjoy our golf course.

It is rumored that so many people wanted to buy these fine new homes before they were built, that a lottery was held to see who had first pick of the new homes. Just another reason for realizing that Yorba Linda is the up and coming city in America and our golf course will keep pace.

Yorba Linda Country Club is a haven for young golf pros. Many who are now on the tour, sharpened their game at Yorba Linda. Bob Risch is a good example, and it was my pleasure to play with Bob Risch and Jerry Lindell last week.

DENNIS SAUNDERS, while not a pro as yet, is one of the bright stars of the future. Dennis attends Arizona State where he plays on the golf team. His father, Lamar Saunders lives on the corner of the entrance to the golf course where Dennis had a golden opportunity to play lots of golf over a tough golf course.

Dennis played at Hillcrest Country Club recently when amateur golfers were trying for four spots to play in the upcoming Los Angeles Open. He scored a one over par 73, which isn't bad, unless you compare it to scores turned in by University of Southern California players in the same event.

S.C. amateur champ LEE DAVIS won low gross with a

4 under par 68, followed by players with 69 and two with 70 each. Three of the four qualifiers were S.C. players.

KEITH LYFORD, a fine young pro, who trained at Yorba Linda, finished in a tie for second place in the Southern California Open championship held at Via Verde Country Club. Keith scored 72-67-70-209 in a tie with ALAN TAPIE of Newport Beach.

The event was won by touring pro GARY McCORD of Riverside, who scored 70-67-70-207. McCord is sponsored by Lawrence Welk on the pro tour. Young Keith has been working at Yorba Linda as our Ranger during his preparation for the golfing battles which are scheduled.

JIM THWING, head pro at Yorba Linda, got a "birdie" on the first tee before even swinging a club. Just as he prepared to hit his tee shot, a pigeon settled down on his shoulder and LEE (Five Iron) OUDSHOORN was called to hold the bird until Jim could hit.

The pigeon then decided that Lee was more friendly and decided to remain, so for the past three weeks, a pigeon has taken up with the gang in the pro shop. The bird is banded with N-P-A-73-FB 561, so if you know any one to call, please tell them that their pigeon has found a home at the pro shop.

PAUL THOMPSON found a gold ring on the fairways at Yorba Linda Country Club, so if you know anyone who has lost a ring, tell them to check with the pro shop and they will help you get in touch with Paul, who will require positive identification of the ring before he will return it.

Handicaps are necessary for equitable play and most golfers try hard to lower theirs, but most will have a higher handicap on January first. In the past, 80 percent

## Big Swim Meet Saturday

by Brian Hilderbrand

One of the biggest relay swimming meets in Orange County will be held this Saturday at Esperanza High School. The event is the El Dorado High School 3A Relay Meet.

Only 3A schools will be participating in the meet, which was won last year by San Marino. El Dorado placed second, and Montclair finished third.

There will be over 30 schools participating in the event from Orange and Los Angeles Counties. There will be a total of seven events including the individual medley and medley relays.

The six fastest times from the preliminaries will qualify for the finals. The second six fastest times will qualify for the consolation finals. The preliminaries will begin at 9 a.m., and the finals will start one hour after the completion of the prelims.

There will be awards of their average score was used for handicap purposes and now 94 percent, which means that a 13 handicap golfer will probably jump two strokes with the new system.

given, including a championship trophy for the winners in each division. The meet will be governed by the National High School Federation rules and the California Interscholastic Federation rules.

A new, advanced timing system will be in use, consisting of electronic touch-plates. The timing system is accurate to within 1/1000 of a second.

The events will be as follows: 4x100 individual

medley, 6x50 freestyle, 4x50 breaststroke, 4x50 butterfly, 4x50 backstroke, 4x100 freestyle and the 4x50 medley relay. An individual may be entered in a maximum of three of these relays.

Some of the area schools that will be entered in the meet are El Dorado, Esperanza and Sonora.

## Tennis Club

The Placentia Tennis Club welcomes the New Year and suggests to the residents of the Placentia area that now is the time to join the Placentia Tennis Club.

Applications are available at all three sporting goods stores in Placentia and at the Placentia Parks and Recreation Department. An adult membership costs \$6 per year, high school \$2 per year and

### Tennis Meeting

The annual general membership meeting of the Yorba Linda Tennis Club will be held Saturday, January 17 at 6:15 p.m. in the Red Room of the Yorba Linda Country Club.

The meeting includes president's report and election of 1976 officers

The tennis club has an adult single ladder tournament set for January 24 and 25 and a junior round robin January 17. A junior singles ladders tournament was played this past weekend.

Junior (8th grade and under) \$1 per year.

The Placentia Tennis Club offers its members four tournaments a year, round robin matches, ladder challenge play, and social events. Our first tournament will be a singles tournament in March.

The first mixed doubles round robin will be held on Sunday, January 25, at El Dorado High School courts. The teams will be divided into B, C and D divisions with prizes for winners and runners-up.

The new officers and board of directors for 1976 is as follows: President, Bill Dawson; Vice President, Tami Collins; Secretary, Sandy Brown; Treasurer, Eric Demasi; Facilities, Brian Smith; Juniors, Ken Robinson; Membership, Carol Debbertine; Programs, Frances Martinez; Publicity, Jan Dawson; Social, Cindi Kidwiler and Mary Rothrock; Tournaments, John Schulte and Past President, Nancy Chaput.
